

Show Stoppers Help Friends in Need

The White Star Show Stoppers youth club came to the aid of the Maricopa County Animal Care and Control organization this September. MCACC is a focus philanthropy for the Show Stoppers so for the second year they held a blanket and toy drive for the shelter. The group collected over 100 blankets, dog beds and dog

bones and toys and presented MCACC with a check for \$200. The shelter is in great need of all things during these difficult economic times as more and more pets are being abandoned. The White Star Show Stoppers were so glad to be able to help and so moved and impressed with MCACC and all they do to take care of these wonderful animals.
