

# Horse Treats for Heroes!!!!

The White Star Show Stoppers made over 50 hand wrapped tortilla horse treats at their meeting in April. They had fun grating the apples and carrots and really enjoyed "hand mixing" the sweet feed and molasses. The treats were to be delivered to the 15 "hero horses" at Horses Help later that day. The horses earn their distinction by helping handicapped riders overcome many obstacles. The horses loved their treats and figured out how to take the tortillas off to get the goodies inside. It was a fun and special "treat" day for the horses and the Show Stoppers!
