

Horses Help

Therapeutic Riding Center

White Star Show Stoppers and Horses Help

The White Star Show Stoppers have had a wonderful relationship with Horses Help for many years. Horses Help is a therapeutic Riding Center that helps children with special needs interact with horses. The Show Stoppers have been a donor to this group for the past five years. The group holds an annual Easter Egg Hunt and BBQ with the proceeds donated to Horses Help. They have raised over \$3000 for this worthy organization. They recently took a group field trip to visit and help with the kids and horses. They presented Horses Help with a check for \$500 and brought horse treats the club had made the day before. The group was able to spend time with the 15 therapeutic horses which made it a special “treat” day for all!
